

About Hopewell Valley Rides

Hopewell Valley Rides started up in January 2008 with a generous donation from the Bristol Myers-Squibb Company. The purpose of Hopewell Valley Rides is to provide residents of Hopewell Borough, Hopewell Township, and Pennington Borough who are 60 and over and no longer able to drive themselves with an additional option for transportation within Hopewell Valley. Being able to get out into the community ensures greater independence and a higher quality of life for older residents.
